

POWER POINT OR GOOGLE SLIDES

1	Read your book. TIP: As you read, you may want to keep a sheet of paper in the book where you can jot down ideas you have for the board game—so you don't forget them.
2	Sketch out your plan for your slides on paper. Make a plan!
3	Your slides should show deeper thinking about the novel —not just restating what happened in the novel. How did the characters change? What did the characters learn? (Theme) What did you learn? WHY is this a good book for pre-teens? Personal critique? Analyze the characters, the setting, the conflict. Discuss important events in the novel and how they impacted the novel overall.
4	Your Power Point/Google Slide Presentation should have NO LESS THAN 10 slides. Every slide needs text and an image.
5	Save your work.
6	Log into GOOGLE CLASSROOM— click on IND READING PROJECT #2 in your stream. Turn in your work to Ms. Henry through Google Classroom.
