Summer Reading Project Directions/Rubrics

All work on this project will be completed at home on your own.
The work was assigned on Thursday, August 17th and will be due on Friday, August 25.

SAMPLES OF EACH ON MS. HENRY'S WEBSITE: jcmshenry.weebly.com

Option #1 **HIGH TECH OPTION**	Videos have become an increasingly popular way to demonstrate learning! If you choose this option, you will make a video—EITHER A BOOK TRAILER OR A BOOK CLUB VIDEO—and share the video with Ms. Henry. Make the video, upload it to youtube, email the link to Ms. Henry. There are samples on my website and of course, all over the internet if you search. :)
Option #2 **LOW TECH OPTION**	If you would like to use Power Point for your Summer Book Project - you will simply create slides that address your answers on the summer reading handout. If you do not have Power Point on your home computer, you could use a computer at the public library and then save it on a USB drive or email to Ms. Henry from the library. Another option is to print the Power Point out and turn it in on paper. Examples are available on Ms. Henry's website. GREAT OPTION—USE GOOGLE SLIDES AND JUST SHARE IT WITH MS. HENRY! If you email it to Ms. Henry, her email address is: *stephanie.henry@fayette.kyschools.us*
Option #3 **NO TECH OPTION**	Construction or Printer Paper/Posterboard/Pencil/Coloring Pencils/Glue Novel Posterboard Project

DIRECTIONS

1. Choose which option you want to do.

2. Use the information from your notes sheet (Jessie Clark Middle School: 2017 Summer Reading List).

3. Remember, yes, I am scoring/grading the project—BUT WHAT I REALLY CARE ABOUT, AND WHAT WILL GET YOU A HIGHER SCORE ARE YOUR <u>THOUGHTS/WRITING</u>. This is middle school—it's time to step it up!

4. "Pretty" isn't enough for a project—it has to show <u>deeper thinking and strong writing</u>.
